Water Street Property Owners
Labor Under the Impression

THAT THE PEWIKY WILL BLOCK

THE THOROUGHFARE, BY USING IT AS A SWITCHING YARD IF THE PROPOSED CHANGE OF STREET GRADING IS EFFECTED—NO DECISION REACHED AT YESTERDAY'S MEETING—ORDINANCE COMMITTEE MEETS.

Water street property owners do not take kindly to the proposition to change the grade of the street between Eleventh and Fourteenth. They met with the committee on streets, alleys and grades and City Engineer White yesterday afternoon, and after discussing the matter decided to hold a meeting of all owners and agents of property near the wharf in about ten days. The committee also decided to await the result of this meeting.

The proposed changes of grade are on Eleventh street from Main to Water and on Water from Eleventh to the Windsor alley. These were explained to the gathering, which assembled on Water street yesterday afternoon at 4 o'clock, by City Engineer White. He cited the statements made by the Pennsylvania railroad officials last year which to the effect that if the grade was altered the company would pave half of the street.

Among the property owners present were F. H. Lange, Augustus Pollack, E. B. Carney, George Wickham and W. B. Howell. They seemed to think that the "nigger in the woodpile" was the railroad company, which in their opinions was seeking to make Water street a switching yard, and that an additional track would be constructed for that purpose.

The changes proposed consist in making the sidewalks on Eleventh street ten feet in width each, which would make a thirty foot roadway as the street is fifty feet. The grade is to be lowered slightly at Main and Eleventh on one side, so as to carry grade down in such a way as to come to top of retaining wall at the "Pewiky" station. The sidewalks on the Eleventh street are to be abolished. The other changes would be for the purpose of Water and Eleventh. So far as the committee knows the Pan-Handle is not contemplating raising its tracks, as feared by the Water street property owners.

The latter state that they bear no opposition to the Wheeling & Elm Grove tracks, but are afraid of the Pennsylvania putting down another track. The matter will remain unsettled until after the citizens meeting next week.

COMMITTEE ON ORDINANCES.

The committee on ordinances met last night with several items on hand for consideration, the majority of which were deferred until another meeting, at which the city solicitor and city engineer would be present.

The Bullard ordinance relating to grant by the city of some property encroached on by the petitioner, Dr. R. H. Bullard, was referred to the city solicitor, the ordinance not being worded definitely enough.

The Terminal ordinance was up again, and again postponed. The city engineer's opinion was deemed necessary to the grade at Twenty-seventh and Main streets.

No action was taken on the matter of having the typographical union's label on all city printing, other than laying it on the table until a full attendance of the committee could be secured.

It was ordered that an ordinance be drafted, fixing the license tax of the naphtha yacht, doing a ferry business, at \$25 per annum.

FIRE ALARM BOXES.

Chief Kliewe continues to repair the fire alarm boxes needing attention, and so far has repaired twenty-six of the fifty-six boxes. He insists that if council furnishes new wires he can set the system in order, and yesterday mentioned the fact that there were three new boxes at the Atlantic which couldn't replace old boxes until wire was purchased.

POLICE COMMITTEE.

The committee on police and city prison last night audited bills, police \$35.05, city prison, \$168.97. The chilling breezes induced the committee to order the putting in of a stove in the patrol and ambulance house.

TURN DAY.

Wheeling will be invaded by 100 Active Turners to-morrow.

Active Turners from Pittsburgh, Allegheny, McKeesport, East Liverpool, Steubenville and other cities will assemble in Wheeling to-morrow at Turner hall, North Market street, in celebration of the district turn day. Gymnastic exercises will be given by the representatives from the societies attending, and the board of directors of the Pittsburgh district will meet at the same time for the transaction of business. Turn days are always well attended and the visitors will be entertained by the local members.

ANOTHER ONE.

Striking of a Big Oil Well in Purely Wild-cat Territory.

There is great excitement at Marietta, O., among the oil fraternity over the striking of a big oil well in purely wild-cat territory, a few miles up the Muskingum river, three miles from Beverly. When four feet in the mud and the well filled 200 feet. The owners are Buckley Beale and Dye Brothers, of Marietta, and the well is in the center of a 1,200 acre tract. Oil men are rushing into the territory Klondike fashion, and there will be great excitement until the field is developed.

TALMAGE'S ASSOCIATE PASTOR SAYS DR. GREENE'S NERVURA SURELY CURES.

Rev. Dr. Byron Sunderland of the Talmage Church Tells the Sick and Suffering to Use Dr. Greene's Nervura to Be Cured.

Rev. Dr. Talmage's Co-Worker Enthusiastic in Recommending Those Who Are Weak, Nervous or in Any Way Out of Health to Use This Grandest of Medicines and Surest of Cures, Dr. Greene's Nervura Blood and Nerve Remedy.

No preacher in the world is so widely known as Dr. Talmage and no other place of worship is so thronged as the Talmage Church in Washington, D. C.

The great divine's discourses on the maintenance of health are the sure guide for the people, and now his distinguished associate preacher and co-worker, the eminent Byron Sunderland, D. D., of the Talmage Church, follows out the same grand line of good to the people by pointing out to them how health can be regained and restored when lost,—how the physically weak and prostrated, the nervous, the brain weary, may recover strength; how the tired out, over-worked and over-strained systems can be rebuilt; how the sufferer from weak nerves, poor blood, headache, rheumatism, neuralgia,—the exhausted man, the prostrated woman, the nervous child,

and prostration of the human system, in our intense American life.

"I do not hesitate to say it seems to supply a real want which no other known remedy can fill. It seems to be a real boon, bringing rest and refreshment to the outworn human frame in the tumultuous and trying times in which we live."

BYRON SUNDERLAND.

How can you hesitate for a moment, after reading the convincing words of this illustrious minister of the Gospel, to at once use this grandest of medicines, Dr. Greene's Nervura blood and nerve remedy? It is the mightiest remedy in the world to cure. Every druggist keeps it. Consultation, examination and advice may be had from the discoverer of Nervura, Dr. Greene, 35 West 14th St., New York City. Use this great discovery, and call upon or write to Dr. Greene.

CLOTHING—D. GUNDLING & CO.

To Cover Your Nakedness

Is one thing; to be properly dressed is quite another.

How can you be satisfied to wear ordinary ready-made clothes or cheap merchant tailored ones, when you buy bearing this label

made of the very best materials, by expert custom tailors, after the most fashionable models, at about the same price as the former and a great deal less than the latter? Our profit on Stein-Bloch Clothes is not as large as on other makes. They are better and consequently cost more. But we make more in the end, because we sell so much of it; they need no further advertising to a customer who has once worn them.

Test the truth of our assertions. You risk nothing. Your money back if you want it, proving it.
